May 10, 2024

The Honorable Tom Cole  
Chair  
House Committee on Appropriations  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, DC 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for Keller Road Reconstruction Project in fiscal year 2025. The entity to receive funding for this project is City of Maitland, located at 1776 Independence Lane, Maitland, Florida 32751. The funding would be used to conduct roadway reconstruction, trail extension, and drainage improvements along Keller Road, which is the main north south road providing access to the city's west side business district. The project is an appropriate use of taxpayer funds because it would prevent flooding which disrupts the local economy and enable the continuation of the revival of this area as small businesses and the surrounding community rebuilds from economic challenges.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

**Congress of the United States**  
**House of Representatives**  
**Washington, DC 20515-0910**

Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, DC 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for Lake Druid Park Improvements Project in fiscal year 2025. The entity to receive funding for this project is City of Orlando, located at 400 South Orange Avenue, Orlando, Florida 32801. The funding would be used to purchase and install equipment for safety, accessibility, and community engagement improvements in this public park, including constructing a public restroom, multi-modal path, light fixtures, and additional shade. The project is an appropriate use of taxpayer funds because it would support the community development and economic development of this critical area of the city, which is currently under-utilized, inaccessible, and hazardous, to improve the health and lives of low-income seniors, children, and families in Orlando.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

**Congress of the United States**  
**House of Representatives**

House Committee on Appropriations  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, DC 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for Lake Eola Improvements Project in fiscal year 2025. The entity to receive funding for this project is City of Orlando, located at 400 South Orange Avenue, Orlando, Florida 32801. The funding would be used to make stormwater treatment improvements to the lake and accessibility improvements to the park. The project is an appropriate use of taxpayer funds because it would make capital improvements to revitalize and expand an under-developed public resource that can promote the health and wellbeing of the Orlando community.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for Pennsylvania Avenue Rebricking and Traffic Flow Improvement Project in fiscal year 2025. The entity to receive funding for this project is City of Winter Park, located at 401 S. Park Avenue, Winter Park, Florida 32789. The funding would be used to replace, repair, and reinstall bricks and road base along a two-mile stretch of Pennsylvania Avenue in order to reinstate road durability, expedite transportation, and bolster safety measures. The project is an appropriate use of taxpayer funds because it would address road foundation issues on a two-mile stretch of Pennsylvania Avenue critical for north south travel on a major connector for residents, commuters, and business activity, promoting sustainability, safety, and adding local jobs.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for LYNX Central Station Modernization Project in fiscal year 2025. The entity to receive funding for this project is Central Florida Regional Transportation Authority (d/b/a LYNX), located at 455 N. Garland Avenue, Orlando, Florida 32801. The funding would be used to replace real time signage which is currently functionally obsolete and reconstruct existing bus bays to accommodate 60-foot articulated buses. The project is an appropriate use of taxpayer funds because it would improve passenger service and safety and increase operational capacity and efficiency at the central transfer station.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Aquifer Storage Reservoir Water Treatment Project in fiscal year 2025. The entity to receive funding for this project is Orange County Government, located at 9150 Curry Ford Road, Orlando, Florida 32825. The funding would be used on the design and construction of a treatment system to remove arsenic from the water recovered from the Aquifer Storage Recovery well. The project is an appropriate use of taxpayer funds because it would meet clean water supply demands in the community during peak, drought, and daytime periods.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Green PLACE Environmentally Sensitive Lands Acquisition Project in fiscal year 2025. The entity to receive funding for this project is Orange County Environmental Protection Division, Green PLACE Program, located at 3165 McCrory Place, Suite 200, Orlando, Florida 32803. The funding would be used to acquire parcels of real property to preserve environmentally sensitive lands such as wetlands, uplands, critical surface and groundwater, wildlife and plant resources. The project is an appropriate use of taxpayer funds because it would make the area more resilient to extreme weather, protect surface and groundwater resources, as well as threatened species, and increase the economic attractiveness of the area for individuals and businesses, creating public access to nature-based recreation and encouraging eco-tourism.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Innovation Lab in Pine Hills Project in fiscal year 2025. The entity to receive funding for this project is Orange County Government, located at 201 South Rosalind Avenue, Orlando, Florida 32801. The funding would be used for technology equipment acquisition associated with building a new Innovation Lab to improve workforce readiness, stimulate entrepreneurship, and support job placement within a socioeconomically challenged community. The project is an appropriate use of taxpayer funds because it would deliver necessary upfront costs to transforming an old grocery store into the Innovation Lab, which will serve as a hub to help people from disadvantaged backgrounds find well-paying jobs and contribute their full talents to the community. The Lab itself will also provide jobs to local community members during and after construction.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Murchison Terrace Physical Security Enhancements and Roof Replacement Project in fiscal year 2025. The entity to receive funding for this project is Orlando Housing Authority, located at 390 North Bumby Avenue, Orlando, Florida 32803. The funding would be used to replace the decaying roof and install physical security enhancements such as security cameras and safety lighting to the Murchinson Terrace Apartments, a public housing community with 188 apartments for low-income families, seniors, and disabled adults. The project is an appropriate use of taxpayer funds because it would eliminate potential health and safety hazards and revitalize this valuable community asset, extending its viable, serviceable lifespan, so more people can be safely housed.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Villas at Carver Park Elevator and Shower Acquisition Project in fiscal year 2025. The entity to receive funding for this project is Orlando Housing Authority, located at 390 North Bumby Avenue, Orlando, Florida 32803. The funding would be used to add a much-needed elevator, thereby relieving the burden on the sole, existing, decayed elevator, and install accessibility enhancements to existing showers. The project is an appropriate use of taxpayer funds because it would eliminate potential health and safety hazards and revitalize this valuable community asset and extend its viable, serviceable lifespan so more people can be safely housed.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the East Kennedy Streetscape Project in fiscal year 2025. The entity to receive funding for this project is Town of Eatonville, located at 307 E. Kennedy Boulevard, Eatonville, Florida 32751. The funding would be used for construction and acquisition to revitalize the main corridor in the town by installing sod, landscaping, lighting, transit operation, and benches. The project is an appropriate use of taxpayer funds because it would revitalize the deteriorated main road in the historic town, allowing better accessibility for all people, improve public transit and enable additional public transit options, and attract business to the underdeveloped area.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Technology Hub Project in fiscal year 2025. The entity to receive funding for this project is Town of Eatonville, located at 307 E. Kennedy Boulevard, Eatonville, Florida 32751. The funding would be used on the demolition, acquisition of items, and construction to convert an underused area of the Denton Johnson community center into a place where community members can access the internet, computer lab, digital literacy, and workforce development classes. The project is an appropriate use of taxpayer funds because many residents, young and old, in the historic town of Eatonville do not have internet access, further limiting their ability to access jobs, medical appointments, or keep up with their peers. A technology hub would be a transformative investment into a neglected community that would have broad benefit to the success of the town and its residents.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Hydrogen Hub Equipment Acquisition Project in fiscal year 2025. The entity to receive funding for this project is University of Central Florida, located at 4000 Central Florida Boulevard, Orlando, Florida 32816. The funding would be used to purchase educational equipment necessary to establish a mini hydrogen hub to train and educate the next generation of the hydrogen fuel workforce. The project is an appropriate use of taxpayer funds because it would support the Mini-Hydrogen Hub Training and Research Program which will serve as an economic driver for the region, enable workforce development in high wage jobs, and help to promote U.S. energy independence.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Critical Building Improvements Project in fiscal year 2025. The entity to receive funding for this project is Valencia College, located at 1800 S. Kirkman Road, Orlando, Florida 32811. The funding would be used to replace the roof on West Campus Building 1, which supports the food pantry and classroom spaces. The project is an appropriate use of taxpayer funds because it would help an important community college eliminate water intrusion issues which are disrupting classrooms and nutrition resources for students in need, and threatening student and faculty health.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for The Plymouth Property Enhancement and Modernization Project in fiscal year 2025. The entity to receive funding for this project is Housing Authority of the City of Winter Park, located at 718 Margaret Square, Winter Park, Florida 32789. The funding would be used to make repairs at The Plymouth, a residential community catering to senior residents 62 and up, including replacing the roof membrane and its structural elements, equipment updates to improve the elevator system, and revitalizing the courtyard. The project is an appropriate use of taxpayer funds because it would improve the health and safety of the residents and preserve vital affordable housing, while making cost-saving energy efficiency upgrades and creating local construction jobs using American-made supplies.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxwell Alejandro Frost  
Member of Congress
